

# BT55

## <Product Description>

- BT speaker microphone for Bluetooth radio, smartphone, and dongles.
- Rotary power & volume control switch, phone answer key, and PTT button is embedded.
- Features mini LED lamp on the top of the speaker for a user in a dim environment.
- The optional desktop charger port allows you to charge easily, built-in micro USB charging also.

Option -  
Smart Power Charger

## <Specification>

Type: Bluetooth Speaker Microphone

Operating Temp:  $-20^{\circ}\text{C} \pm 2^{\circ}\text{C} \sim 50^{\circ}\text{C} \pm 2^{\circ}\text{C}$

Approx. Weight: 120g

Size: 5cm x7.5cm x3.0cm

- Fully Qualified Bluetooth v5.0.
- Support AES-128 And ECC-256
- Echo cancellation, noise reduction, also extended features.
- High Quality DAC, Qualcomm CVC built-in.
- 80MHz RISC MCU and 80MIPS Kalimba DSP.
- Fast Current (500mA) battery charge.
- RoHS compliant.
- HSP / HFP / A2DP / AVRCP / SPP / BLE profile support.
- Speaker Output: 2W.
- PTT function: built-in.
- Talking Range: Bluetooth class 2, 10 meters.
- Display LED: Blue and Red.
- Output Current: 25 mA (Average).
- Battery: 1000mAH Li-battery.

## Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. To maintain compliance with FCC RF exposure compliance requirements, please avoid direct contact to the transmitting antenna during transmitting.

Please keep product 20cm away from your body or bystander during the radio operation. The typical handheld two-way radios were certified under mobile usage condition (i.e. keep 20cm away from the user body) and use of such radio closer than 20cm may exceed the US RF exposure limit and shall be avoided.

# BT55

- 1. Push-to-Talk
- 2. Back Clip

- 6. Power / Volume Control
- 7. Cell Phone Key / Pairing button
- 8. Earphone Jack
- 9. Micro USB

- 3. Microphone
- 4. Speaker
- 5. Logo Plate

- 10. LED Indicators
- 11. Desktop Charger Contacts

## BT55 States and LED Flashing Pattern
